1. All the countries attacked all their citizens, during COVID in the exact same way (*including Russia, Iran, China, Canada, Spain etc*) because all the countries are run by one central group that sits well above all governments.

2. Elections, different political parties, voting, fake battles between well paid political actors in the same country or across different countries etc....are all stage props, used to provide an illusion of freedom, as the final pieces of a worldwide e-prison are put into place. Once this worldwide Chinese style e-prison is switched on, all the organized (*and very expensive*) illusions will end.

3. The conventional medical system is a sacrificial death cult operation, which has been ordered to ratchet up its human sacrifice exponentially since 2020 and the COVID pandemic. This system literally removes patients based on the will of the ruling group, for the exact same reasons that the ancient Canaanites would sacrifice humans to their evil bull (*devil*) deity Molech. What we see today in our conventional hospitals is about life/force/energy/blood offerings to ancient pagan Gods. Yes, the people in the white butcher coats aren't health experts and they're under some of the deepest forms of mind control imaginable as well.

4. You don't need fake tests, propaganda and large payouts (*bribes*) to doctors and hospitals to fake report a fake cause of death (*COVID*).....if we were in a real health emergency in 2020. Hospitals were empty during the initial stages of the lockdowns and mortality rates went down as well. What sort of health emergency produces less people going into the hospital and a decrease in the death rate? A fake one of course, which people under mind control won't be able to see. When did the hospitals start filling up and when did the death rates actually go up? Only when the COVID shot came out.

5. People under mind control think "*the government would never do that*", as the government does exactly "*that*" to them directly, every single day.....all in plain sight. People under mind control process their reality, not as reality, but as a subsection of reality....processing only what they see through their programming. A mind control victim processes human sacrifice as a "*well child visit*" for example. At a "*well child visit*" the doctor is indeed injecting poison into the child, but because the mind control program makes the parent believe that poison will help their child flourish, the parent openly participates in the human/child sacrifice. Once the mind control program is set into the human at a very young age, that human will only see what the mind control programmer allows them to see. Something wicked this way comes.....and mind control victims can't see it.
